Texas Educating Adults Management System Funding Codes and Applicable Target Categories

The table outlines the Texas Educating Adults Management System (TEAMS) funding codes that correspond to the enrollment target categories. Participants will count toward an enrollment target category when they take a pretest to determine basic education eligibility and have achieved 12 contact hours and at least one direct contact hour in the enrollment target category, as designated in TEAMS with the appropriate funding code. Although Transitions is not a PY'19–'20 target category, AEL grantees may still categorize these services as such.

Target Category	Funding Codes	Description of Funding
EL Civics (Non IET)	EL Civics (EL Civics)	WIOA §243 Funding
EL Civics IET (Integrated EL Civics)	IET (EL Civics)	WIOA §243 Funding
